

F. No. 3484409/JD/MISC/2025

Date: 31-12-2025

PUBLIC ADVISORY

Use of Certain Nimesulide Formulations Prohibited – Notice to General Public

The Drugs Control Administration, Government of Telangana, hereby informs the general public that the Ministry of Health and Family Welfare, Government of India, vide Gazette Notification S.O. 6091(E) dated 29th December, 2025, has prohibited the manufacture, sale and distribution of **all oral formulations containing Nimesulide above 100 mg in immediate release dosage form for human use**, with immediate effect.

This prohibition has been imposed as such formulations are likely to pose a risk to human health, and safer alternative medicines are available.

Advisory to the Public

- Public are strongly advised to stop using *all oral formulations containing Nimesulide above 100 mg in immediate release dosage form* with immediate effect.
- Patients currently using such medicines should discontinue their use and consult a qualified Registered Medical Practitioner for safer and appropriate alternative treatment.
- The public is advised not to purchase, use or store the above-mentioned prohibited formulations under any circumstances.

The Drugs Control Administration, Telangana, is taking necessary steps to ensure that the prohibited products are withdrawn from the market and supply chain across the State.

The cooperation of the public is solicited in the interest of public health and safety. In case any prohibited formulation is found being sold or distributed, the public may bring the same to the notice of the nearest Drugs Inspector / Drugs Control Administration office.
